# Mini-workshop on the Southern Ocean

Thursday 21 April 2016, 10h-18h

Department of Meteorology at Stockholm University
Room C609, Arrhenius Laboratory, 6th floor

Please send an e-mail to Fabien Roquet roquet@misu.su.se by April 8 to register

This mini-workshop aims at bringing together physical oceanographers and atmospheric scientists, from both the observational and modelling communities, to share their latest work and discuss their future projects in order to create new scientific synergies both at the Swedish and at the international level.

Invited speakers:

- Anna Wåhlin, Göteborg University
- Gurvan Madec, LOCEAN, Paris
- Guy Williams, IMAS, Tasmania

This mini-workshop is co-sponsored by the Bolin Centre for Climate Research.
