

Graduate Studies at MISU

Abdel Hannachi

Director of postgrad studies, MISU

Thanks to

Malin Ödalen, Cecilia Wesslen & Jonas Nycander

People to be contacted when needed

Abdel Hannachi	a.hannachi@misu.su.se Extension: 4351, room C674
Cecilia Wesslen	cecilia@misu.su.se Extension: 2412
Charlotte Höök	charlotte.hook@misu.su.se Extension: 4353, room C606
Malin Ödalen (PhD council)	Malin.odalen@misu.su.se Extension: 2416, room C655

Admittance

All PhD positions are announced openly on MISU web page and also other places, e.g newspapers.

- University funded ('fakultetstjänst'): the employed student chooses a project and supervisor
- External funding: supervisor and project predetermined

Time limits

- Maximum 4 years of studies
- Additional possibility of maximum 20% departmental work (e.g. Teaching) may give another year

Requirements for a PhD

- 4 papers, of which usually 2 published or accepted
 - Three (or at least two) of which are first author
- 75 hp courses, of which 7.5 hp is the compulsory introductory course, and two more should be general 15 hp courses (e.g. general circulation, etc.)
- 4 research seminars and 4 discussion or literature review seminars
 - Research seminar: 30 min long + 2 min discussion & 10 min Q&A session (own work, e.g. MSc or PhD)
 - Review seminar: based on 1-2 (own choice) papers from literature

Requirements for a PhD (cntd)

-- Discussion seminar: based on a chosen topic/paper (1hr, 4 PhDs and 1 researcher).

- 3 submitted papers + 75 credits + 6 seminars, 3 of which are research  80%

In this case to get **salary increase** you should fill in the form on the web.

Requirements for a PhD (cntd)

- Seminars & credits
 - 3 credits for attending 20 seminars (by PhD students) among them at least 10 discussion seminars
 - 4.5 credits when you complete 4 (review or discussion) seminars & 4 research seminars

Please note:
Provide me with a
hardcopy with a list
of attendees &
email me the list of
attendees of your
discussion seminar.

and get the form from MISU website.*

Courses

- Compulsory:
 - Historical perspectives on climate change: 7.5 hp
 - Introduction to teaching (if you are teaching)
 - Ethics seminar
- General courses (15 hp)
 - Dynamic meteorology
 - Climate modelling
 - Oceanography
 - Bio-geochemistry
 - Middle atmosphere

Note these course are for the year 2015/2016.

- Depending on background complementary courses may be needed.

Courses (cntd)

- In December it is decided what courses to give next year, based on needs and wishes
- Courses external to MISU (including summer courses) must be approved by 'ämnesansvarig' (presently Johan Nilsson)
- Register courses with Cecilia Wesslen (cecilia@misu.su.se)

Once the courses are selected the students are required to contact the course responsible.

Climate research school (CRS)

- Belongs to the Bert Bolin Centre
(www.bolin.su.se)
- Gives joint courses on climate (e.g. Historical perspectives, statistics, ...)
- ~~• Grants money for travel~~

Rights

- 25000 SEK from MISU for travel ([Susanne Ericsson](#))
- Money for a computer ([Michael Burger](#))
- 1500 SEK per year for physical training ([Maria Runquist](#))
- Medicine and medical care ([Charlotte](#))
- Prolongation of study time because of sick leave and parental leave ([Charlotte](#))

Mondo site

Most important documents and forms can be found on Mondo (mitt.su.se) under 'Doktorand Info'

Extra information and useful documents (e.g. individual study plan) can be found at www.misu.su.se/research/phd-studies

Thanks
